the 22nd of November 2017

OFFICIAL PRESENTATION

EUROPEAN GUIDE FOR GOOD HYGIENE PRACTICES IN ARTISANAL CHEESE AND DAIRY PRODUCTION

The conference will begin at 9 a.m. and end in the afternoon at the session of the Committee on Agriculture and Rural development of the European Parliament.

We mainly will exchange opinions about the guiding principles and their imminent implementation in the European artisanal dairies. And what better way to end than with a fantastic and varied tasting of artisan and farmhouse cheeses from European countries!

WHO SHOULD ATTEND

It is mainly aimed at competent health authorities, producer organisations and consumer associations, and everybody interested in the protection of artisanal products and consumer health.

FREE REGISTRATION

Participation in the conference is free. The additional costs of transport, diet and accommodation are borne by the participants.

To make easier the access to the Parliament you have to fill out a pre-registration form below:

Early booking is highly recommended since the seats available are limited. Please send the pre-registration as soon as possible before November 6th.

You will soon receive more information about the full programme and venue.

ORGANIZATION

[FACEnetwork](http://www.face-network.eu) is an association of artisan cheese and dairy producers from 16 European countries. We work for the defence of this type of production, which is very important for the countryside and for European citizens “.

One of the goals of FACEnetwork is to contribute to the improvement of the normative framework for the protection of the artisanal productions. And, to that end, this guide has been developed and validated by the European Commission and the Member States in December 2016.
